HISTORICAL SOCIETY TO MEET THIS EVENING (THURSDAY)

The monthly meeting of the Bethel Historical Society will be held this Thursday evening in the meeting room of the Dr. Moses Mason House beginning at 7:30. Featured during the program portion of the meeting will be a slide show of old photographs relating to Gilead's past. Anyone interested is cordially invited to attend. Refreshments will follow the meeting.

SENIOR CITIZEN MEETING WEDNESDAY, FEB. 10

Bethel Senior Citizens will be meeting Wednesday, Feb. 10, at the I.O.O.F. Hall for an 11 a. m. meeting and luncheon. The cake will be furnished by Mary Cole and Ethel Whittemore. The program will include musical selections by the fifth grade chorus of Crescent Park School. Members are reminded to bring Valentines for the box going to the nursing home and to exchange at the meeting.

MEMBERS SOUGHT FOR SCHOOL LUNCH COMMITTEE

At their meeting of Feb. 1, 1982, the Board of Directors of S.A.D. 44 voted to create an Ad Hoc Committee to review the delivery of food services to the students in the school district. The committee will be comprised of: the Director of Food Services; one member of the S.A.D. 44 Lunch staff; two students; up to four members of the S.A.D. 44 Board of Directors; one S.A.D. 44 administrator; one person from the medical profession; and, up to four at-large members from the faculty or community.

According to Dr. Wayne Gersen, Superintendent of Schools, this committee is to thoroughly review the existing lunch program, and explore in detail other alternatives that might be pursued by the Board of Directors in the future. Given the increasing costs of food, decreasing provision of commodities, and decreasing subsidies, it is evident that some changes in the existing hot lunch program may be necessary. It is hoped that the committee will complete its review and develop its options for the consideration of the Board of Directors by the end of the current school year.

Any community person interested in serving on this committee should contact the Office of the Superintendent of Schools, at 824-2185 between 8 a. m. and 4 p. m. before Feb. 12.

UPDATED DIAL-TONE APPARATUS INSTALLED AT ANDOVER

Telephone users in Andover who are puzzled by the sudden change in the sound of the dial tone and busy signal should not be. New solid-state electronic tone generating equipment was installed on Monday of this week at the dial office on Main Street in Andover. Customers with the new-type Touchtone phones were having problems because of the old dial tone, which was so loud that tones from the new phones could not be detected by the dial equipment. Installation of the updated apparatus has resulted in a softer and lower-pitched sound for all telephones in the "392" exchange, and has solved the Touchtone dialing difficulties.

PUC Sets Hearing at Bryant Pond, Feb. 11

The Public Utilities Commission has scheduled hearings in the case of Alice Johnson et al. against the Oxford County Telephone and Telegraph Company. This is an important case for the subscribers of the Bryant Pond Telephone Company and all are urged to attend these hearings. They are scheduled for Thursday, Feb. 11 at the Woodstock Elementary School gymnasium, Bryant Pond, from 1:30 to 4:30 p. m. for technical and some public testimony and again at 6:30 p. m. for public testimony.

The following has been submitted for publication:

Bryant Pond Phone Company
Wilder wrote a tribute to the talking dead. But here the slender lines convey the life of all the town and visitors in droves descend. To add to the renown. Of a breathing, vibrant thing. Spring from out the past. And a nation stops to grasp. The value and the worth of this. The best, the lone, the last.

STATE OF MAINE
HOUSE OF REPRESENTATIVES
District 63

Karen L. Brown, Representative
Gypsy Moth Program Discussed

As almost all Mainers know, Gypsy Moths have presented a serious threat to thousands of acres of forest land during the past few years. In fact, Department of Conservation estimates show that in 1977 only 2,000 acres were infested, whereas in 1981 approximately 650,000 acres had been taken over by the pesky little insects.

In an attempt to help finance and administer Gypsy Moth spraying programs, Gov. Brennan included in his budget proposal a provision providing for program funds totaling \$18,000 for the remainder of the current fiscal year and \$36,000 for 1982-83. At present, there are 26 towns from Kittery to Cherryfield which have formally requested financial and technical assistance for Gypsy Moth suppression programs.

In a public hearing on Tuesday, Jan. 26, the issue of state funding for spraying programs was discussed. Only one group, the Maine Audubon Society, objected to the spraying programs by stating that there is no real economic danger from Gypsy Moths. Whatever harm the insects do inflict is merely aesthetic. Furthermore, the infestation is a cyclical occurrence in nature which, as the Department of Conservation expects, should end within one to two years. As an alternative to state spraying programs, the Audubon Society said it should be the responsibility of individual property owners to decide whether or not their trees should be sprayed.

Although there are still many questions to be answered, it appears as though there is little opposition to state financing of the Gypsy Moth spraying program. The bill is presently being reviewed in the Committee on Appropriations and Financial Affairs, and will be sent back to the House for debate as soon as a Committee report is issued.

South Woodstock

Olivia Davis, Corres.

The Willing Workers held their first meeting of the year with Olivia Davis Jan. 25. There were seven and one visitor attending. The new officers for 1982 were elected as follows: President, Miriam Morgan; Vice President, Bethany Bean and Secretary and Treasurer, Sheryl Morgan. Due to the absence of the Secretary and Treasurer no report was given. Discussions were had on ways to earn money for repairs on the church building. The program for next year was outlined and booklets passed out. Hazel Andrews was reported as a sick member and the Willing Workers women signed a card for her. The sock collection was taken up.

Refreshments served by the hostess and visitation by the members present were enjoyed. The next meeting, Feb. 22, will be held with Marta Clements.

Miriam Morgan and Stacey Wilbur attended the girls basketball game at Telstar Monday night before coming to the Willing Workers and I didn't even hear them say who won. Isn't that something for news? They must have lost. Correct me if I'm wrong, Miriam.

Leon Poland, Jr., was in Milton Tuesday and Wednesday, bulldozing a place for the new trailer to be set on the Savage lot. They lost their home by fire recently.

I had a red pole at the feeding station this week and a pine grobeak was under the trays feeding a couple of days. I really can't understand how such little things as birds live in this 20 below weather. Wouldn't you think they would freeze solidly? I replenished their suet bags again this week and they are a busy lot working.

ing on that. I've 12 different species since January came in.

LaForest Twitchell has returned home from the hospital this week. Mrs. Dorothy Davis returned to Maine from Virginia where she was visiting her brother, Carroll Thurlow and a son. She is with her sister, Virginia Mason at present. One of her grandchildren was with her.

For the Grangers I just heard Mrs. Lester Cole was in the Norway hospital. Maybe someone would like to send her a card.

Mr. and Mrs. Ralph Tucci, Littleton, Mass., called on Olive Davis Wednesday evening.

Mary Billings called on me Tuesday afternoon. We went to Molly Ockett Motel and the manager, Virginia Mason, gave us a tour of the swimming pool area. The mural, as you enter the outside door, is beautiful and you all should visit at least to see that picture. The swimming area was so warm and nice you could hardly believe it was cold outside. (Around zero at that time.) Many groups have taken the opportunity of using the pool and whirlpool bath area since this has been installed in the motel. She also showed us one room in the addition part. They have a papered mural on one wall which gives you the sensation of being next to nature. The floors are carpeted throughout. Everything is up to date and comfortable for the tourist. We hope you will avail yourself of the comfort of Molly Ockett Motel when traveling this way. You'll like it.

Put yourself in a lower tax bracket.

It's no secret that Uncle Sam wants your money. And you'd probably like to give him a little less of it.

Well now you can "withhold" on Uncle Sam by opening a Casco IRA (Individual Retirement Account). You can open one even if you already have a retirement plan where you work.

Deposit up to \$2,000 of your wages (\$4,000 for two-income families)

and deduct that amount from your income when you file your taxes. A Casco IRA account pays rates comparable to \$10,000 six-month certificate rates,* but all it takes is \$100 to start (and you can open a Casco IRA for only \$10 if you set up an automatic transfer from a checking or NOW account, or take part in a payroll deduction plan).

Stop giving so much to your uncle. Save taxes

now and build a bundle to retire on with a Casco IRA account. Get all the details at any Casco office or call our Toll-Free Saver's Hotline 1-800-492-0178, 9 AM to 4 PM, Monday-Friday.

Walking With Jesus Christ

"This is a 100% recycled product"—reads the label on an announcement card—him, recycled?—makes one think. Many products are recycled, even engine oil to go through another life of usage. Can't say that of our lives—once used, it's gone—no repeat! Wait a minute, please—there is another world or place to where we the "ex humans" go—no, not recycled—no some hope so, it's not Biblical. The Bible says every one of us has a destiny—to meet God, a time and place when we will be judged and the decisions we made on earth will determine our eternal future.

To be victorious "win the prize" as Paul speaks of in Phil. 3:14—our earthly merits are of no value—for: "We have no merit of our own" to bring us heavenly rewards. By our qualifications we are a miserable failure, no matter how "good" we are. The Bible repeatedly states that to meet Christ on our own merit we flunk out!

No recycling—no second chance. When the books (Rev. 20:11-15) are opened in the presence of Jesus Christ—our deeds are spread out

for examination and we're judged—if our name is not written in the "book of life" we are thrown out and perpetual agony is ours—no excuses—no nothing, it's done!

Those whose names are in the "book of life" never earned the rewards they are promised and will inherit—because as "little children" at an "age of accountability" they believed in Jesus Christ, for—"Salvation is found in no one else, for there is no name under heaven given to men by which we must be saved."—Acts 4:12.

It is not by chance that Christ came to earth, nor by chance that we "may" get to heaven—it's by choice, we make the decision. "For God did not appoint us to suffer wrath but to receive salvation through our Lord Jesus Christ." I Thess. 5:9. "David says the same thing when he speaks of the blessedness of the man to whom God credits righteousness apart from works: Blessed are they whose transgressions are forgiven, whose sins are covered. Blessed is the man (woman and child) whose sin the Lord will never count against him." Rom. 4:6.

No recycling—it's now, while we have breath—or never. Are you ready?

HELP X-OUT CANCER AT X-COUNTRY SKIING PARTY!!!!

A X-Country Skiing Party for the benefit of the Northern Oxford County Unit of the American Cancer Society will be held between noon and 4:30 on Sunday, Feb. 28 at the Sunday River Ski-Touring Center in Newry.

The party will consist of recreational skiing to the famous Artist's Covered Bridge where charcoal grilled hot dogs with coffee, tea, or hot chocolate will be served. Those who feel they have had all the exercise they want or need in skiing to the bridge can return to the Inn by car.

At the end of the day, a drawing will be held to choose the winners of various locally donated prizes at the Sunday River Inn.

Your donation will include the trail fee for a day's skiing as well as the refreshments at Artist's Covered Bridge and the opportunity to win any of a number of prizes.

This event promises to be one of the more enjoyable days of outdoor activity this winter. In addition to a wonderful afternoon of exercise with your family and friends, the winter scenery is unsurpassed. Bring your camera.

FEBRUARY IS CHILDREN'S DENTAL HEALTH MONTH

National Children's Dental Health Month will be observed throughout the nation during February 1982. As part of the observance, the Citizen, in cooperation with the S.A.D. 44 Dental Health Program this week begins a series of four articles on facts you should know about dental health.

I've heard that many foods contain "hidden" sugars. How can I tell which ones?

As the lifestyle of Americans has changed over the course of recent years, so has the consumption of prepared and processed foods increased.

The term "hidden sugar" has arisen largely because many food products are sweetened before they reach the gatekeeper of the home. Sugars, depending on the frequency eaten and the form in which consumed, are the dietary components which contribute most to the development of tooth decay.

One must read food labels to know whether or not sugar has been added to a particular product. This practice is especially important when choosing foods which are to be eaten as snacks.

There are many different types of simple sugars, and there are different names by which they are referred. Sucrose is still the most widely used, and is usually listed as "sugar" on a package. Other forms of sugar are: fructose, glucose, maltose, dextrose, lactose, maltol dextrin, corn syrup, malt syrup, molasses, honey, brown sugar, and unrefined sugar. Remember that even the so called "natural" sugars promote dental decay.

Manufacturers must list the ingredients in a product by weight, so if a sugar is the first or second ingredient listed, a large percentage of that food may be sugar. If the label lists several different types of sugars in the product, the food may likewise contain a substantial amount of added sugar. When these sugary foods are eaten between meals, the potential for the development of dental decay is increased.

MOOSE APPLICATIONS NOW AVAILABLE

Application forms for a chance to hunt moose in Maine next fall are now available from resident license agents, according to the state Fish and Wildlife Dept.

Nine hundred Maine residents selected in a public drawing will join 100 nonresidents next September in Maine's second moose hunt in 47 years.

Applications are limited to one per person and must be returned to the Fish and Wildlife Department by April 1.

The application forms may also be obtained from any office of the Fish and Wildlife Department, or from Game Wardens.

The nonrefundable fee is \$5 for Maine residents, to be returned with the completed application form.

Possession of a hunting license is not required to apply for the drawing.

Hunters to receive moose permits will be selected at a drawing in May. The permit fee is \$25 for Maine residents.

The person receiving a permit may name another person to accompany him or her on the hunt. The limit is one moose, but it may

be taken by either member of the party. As in the 1980 season, only the area north of the Canadian Pacific Railroad will be open to moose hunting, excluding Baxter State Park, the Allagash Waterway, Indian tribal lands, and game sanctuaries.

In order to spread out hunting pressure, the Fish and Wildlife Dept. has divided the moose hunting area into six zones. Hunters will be assigned to zones as they are drawn, based on preferences stated on their applications and the availability of unfilled zone quotas.

Non resident hunters may obtain application forms by writing to: Moose Application, Maine Fish and Wildlife Dept., 284 State St., Sta. #41, Augusta, Maine 04333. Including a self-addressed envelope with the request will assure prompt return.

Fees for nonresidents are \$10 to apply for the drawing and \$200 for the moose hunting permit.

Maine is one of eight states with moose hunting; the others are all in the West. Only Alaska has more moose than Maine.

The herd in the area open to hunting, which is less than half of the state, is conservatively estimated to be in the 15,000 to 20,000 range.

Greenwood City — Upton

— Mrs. Colista Morgan, Corres. —
Some people say, "It's hard to find any pleasant thing to say about January."

Of course my diary record tells of cold and more cold. But I find there are the ordinary winters of joy, sorrow, worry, and laughter with the every day things that make up a Maine January. We expect and prepare for those.

Then, too, there comes a day like yesterday. Sunshine poured down from a sky, pale burnished blue; a few clouds, far spaced and hanging becalmed. Not entirely sure it would remain that way all afternoon, I dressed warmly for a two mile walk.

On the sunlit surface of the pond a single snowmobile howled beyond the mouth of Sanborn River, then turned and moaned its way up the pond from where it had come. It moved faster than I did but I'm sure saw far less.

Overhead the sky stretched away to the horizon and in spite of the lovely golden sunlight there was a nip of freshness in the air, which at this moment was stifling.

What a transition in so short a time, when I last went by boat to the opposite shore.

This winter day was fringed with hush and frost. The old familiar places I visited in the fall had strangely vanished, half-hidden by the driven snow. They looked quite foreign. The picture was unspeakably pure. I wished that I had on my snowshoes so that I could examine more closely the mysteries of the winter woods.

I usually pause at the ledges where so many times I have captured their pictures etched cunningly in silver and rainbows, which glowed with shimmering light. Above this diamond picture, frosted cedars and firs stand guard over the crystal beauty.

For some distance I followed the wandering road, and stopped where a brook flows from the mountains. It had somehow escaped its winter blanket in its winterized bed. Its current tumbled over rocks and bits of ice. The tiny icicles and coat of snow enhanced the beauty of the flowing water.

Beyond on the hill there were

A radio station played a blue grass rendition of "Old Black Joe," a tune I hadn't heard in many years but reminded me of schooldays when Aubrey Flanders taught upstairs and we sang each morning several selections from a book called "Progressive Music." The students were asked to choose and for a spell one pupil raised his hand daily for that tune, not because he liked it but because another hated it. We all got a bit weary of it, but I enjoyed hearing it again and going back in memory almost 50 years to "Old Black Joe."

The town truck has been repaired and returned in time for February storms. The snow has drifted and piled quite high, but the weather is much more balmy, getting above zero some days. We see the sun more often.

The ground hog may have seen his shadow if he dug his way out of the snow.

snow fashioned flowers and branches garlanded with strings of pearls.

When I turned back, a bit of a breeze greeted me from the northwest. Overset mountain, with its many memories banked against the blue.

At my right, drooping red berries smiled above the snow, with a light of new faith even with the sting of winter over head.

The dusky shadows of the afternoon had appeared on the pond, shadows of the hills and trees. But the sun still played, too, bringing its sheet of gold.

So January hasn't been all bad. Now here comes February which is a span, a bridge, amidst winter's blast; connecting us to spring, waiting time.

It's evening as I write, and the chill has again increased. I look out to see the blaze of stars, glittering across the sky. Thus my day closes similarly to my wanderings over the past year, over this valley set among the hills. As I view it in memory, it is with mixed emotions that it recedes. All these things represent a tiny fraction of what was unobserved. Now, I await for the soft light of morning to fall upon another day.

NOTES FROM Evans Notch White Mountain National Forest

One year ago this past December, a major windstorm caused extensive damage to homes, utility lines and over 5000 acres on the Evans Notch Ranger District of the White Mountain National Forest. The towns of Chatham, Stow, Stoneham and Albany sustained heavy damage. Some residents compared the storm with the "Hurricane of '38".

Utilities were repaired within a week. Many home repairs have been completed. U. S. Forest Service personnel and timber operators, however, are still working feverishly to salvage damaged timber. Thirty-five million board feet (MMBF) of timber have been sold and another 12 MMBF will be offered for sale in the next several months.

Telstar R. H. S. News

by Lisa Pelzel

Last Tuesday's meeting of the Student Council entailed discussion of money matters. The Junior class has a lot of responsibilities this year, so they will do a lot of fund raising. They will sponsor the "Muppet Caper Movie" in March. There were many comments on giving a small amount of money to the senior class to help put on the Winter Carnival. Leslie Olson, Tommy Verrill and Sean Kersey were outspoken during this discussion. No final decision has been made as yet.

Midyear examination sucker winners for Project Physics were: Sean Kersey, Brett Barton and Tim Kersey; General Physics: Chris Johnson; and General Chemistry: Linda Blais and Darrell Dyke. To be eligible to win in this contest, the students had to score 98 or above. Throughout the year Mr. Kersey grants suckers to any student scoring a 100 on quizzes and tests. This weeks winners in Chemistry were: Suzanne Kimball, Sheila Gallant, Linda Blais, Chris Crockett, Kevin Gould and Tom Buckman.

The Winter Carnival Committee has met a number of times to plan the agenda for the upcoming week. Two events scheduled are hat and color day. Each class will try to get as many points as possible. The outside activities will be held on Thursday and the indoor action will take place on Friday.

The ski team will not be able to attend the activities on Friday as they have their regional ski meet at Sunday River.

The Telstar boys' hosted their last home basketball game Tuesday against Sacopee. Flowers were given to the senior tri-captains' mothers. To finish the season, both the boys' and girls' teams travel to Oxford Hills on Friday.

February and no January thaw. Don't think I can ever remember a January without one before. Well, tomorrow (Tuesday) is groundhog day and, I suppose the little animal will be talked about all over our country whether he can see his shadow or not. He would have had snow both days this week end. Neither day snowed all day but both days we must have gotten a fair amount. Friday was a windy day. I swept off the little porch in the morning and later went downtown. When I came home the porch was completely covered again where the wind had blown it in. Wednesday I picked up Frankie at his home and we went to the folks, Mr. and Mrs. George Allen's, Norway, for dinner and visit. In the evening, Ira called from Hawaii. Saturday evening Wilfred called from California saying that he had been to the beach and it was 72°.

Friday George picked up his brother Frank and Frankie stayed at my folks for a while because George helped his Uncle Danny some on his house. George and Frank then left for their brother, Jim's and Sue in Massachusetts. Coming home Sunday they stopped at their Aunt Bobby Pevear, Eddie and Grammie Gibson's in Hampton Falls, N. H., and had dinner. Sunday Frank and I had dinner with the folks, Mr. and Mrs. George Allen, Norway. While we were there Glendon McAllister called from Massachusetts saying that he and his family were all well. Some of the readers will remember Glendon as he lived in Bethel for years with his parents, Mr. and Mrs. Milo McAllister.

Mr. and Mrs. Charles Mason Jr. went to Springvale Thursday to the funeral of his sister, Bessie Mason Carril and Saturday Charles and Ruth went to the funeral of Woody MacArthur. Mr. MacArthur lived on our road on the Gilead end.

Jan. 26 Sylvia Benson went to Andover to pick up Joan Coolidge. Joan had been visiting her son, "Red" Coolidge and family. Wednesday Sylvia drove to Hebron to pick up her mother, Alice Foss. They then went into Auburn-Lewiston area for shopping and to eat. Saturday, Davis and Sharon Kimball and two girls spent the day with Sharon's parents, Mr. and Mrs. Frank Benson. Sunday, Sylvia Gardner and two boys visited her parents, Mr. and Mrs. Benson.

Evelyn Hilborn has returned to her home after spending over five weeks with her friend, Ellen Tuck, in Ontario, Canada. While in Canada she did quite a lot of work. She visited with her boss in the 50's and had dinner with him. She also visited another boss who is now County Court Judge in Ontario. She visited her Senior Citizens friends and cousin, Evelyn also visited other friends and went out with some for meals. Christmas she and Ellen went to Ellen's niece's, Marilyn Mercer, and other relatives, 15 in all.

Mr. and Mrs. Steve Anderson and boys went out to eat Sunday evening.

On the way back to Maine Tuesday, Jan. 26, Evelyn stopped at Lyndon, Vt., near St. Johnsbury, for the night and when she went out in the morning it was 40° below zero.

Evelyn is very grateful to everyone who looked after things while she was away. Since returning home she has been to visit a friend

Mr. and Mrs. Robert Russell of Westwood, Mass., were at their home for the week end.

Jim and Ricky Harthorne helped shovel off the IGA roof on Sunday.

Mr. and Mrs. Bryce Yates are home from their skiing trip overseas.

Darnita Yates and Eva called on her grandparents, Mr. and Mrs. Arthur Myshrahl of Mexico.

During January we received 2 1/4" of snow and moisture in the snow was 3.01".

Sent in by Eva Yates: Happy February first. Weren't you hoping we had had our last

in Stephens Memorial Hospital, Norway, and had dinner in Norway.

Mr. and Mrs. Ernest Angevine and Mr. and Mrs. Avery Angevine went to Berlin, N. H., with their snow machines to Carl and Carrie Angevine Holt's. They then all took their cars to Seven Island bridge and from there went to Dixville Peak on their snow machines. They were met by another brother John and wife, Colebrook, N. H., Sunday. The mountain looked like a fantasy land with the snow and ice frozen on the branches giving the trees altogether different appearances. After coming home they had supper with their daughter Judy, Victor Coolidge and girls.

David and Jody Keniston and two children visited his sister and family, Dr. and Mrs. Leonard Shaw and twins.

Monday, Jan. 25, Lester and Ruth Butters went to Coos County Nursing Home in Berlin, N. H., to visit Ethel Elliott.

Mr. and Mrs. Robert Keniston tended their grandchildren, Saturday night, while Dr. and Mrs. Leonard Shaw went to the movies in Berlin, N. H.

Billy Williams called his father, Bill Williams, at 5 o'clock Monday morning, from Spain. Young Bill is with the Air Force.

Jody Shimamura and a college friend from the country of Mexico, Luis Marin, spent the week end with Mr. and Mrs. Joe Shimamura. The boys enjoyed snow-shoeing.

Evening Contemplation
Softly now the light of day
Fades upon my sight away;
Free from care, from labor free,
Lord, I would commune with Thee.

Thou whose all-pervading eye
Naught escapes, without; within!
Pardon each infirmity,
Open fault, and secret sin.

Soon for me the light of day
Shall forever pass away
Then from sin and sorrow free,
Take me, Lord, to dwell with Thee.

Thou who, sinless, yet hast known
All of man's infirmity!
Then, from Thine eternal throne,
Jesus, look with pitying eye.

snow storm? Tomorrow tells the tale — if candlemas dawns bright and clear we will have two winters in one year. If candlemas dawns clear and bright winter will take an early flight. Which way do you like best? The snow banks are so high you can't spy on your neighbor and the driveways are so blind you can't see if someone is going to mow off your head or not before you can get where you can see. Oh well be careful and hope for the best. Maybe February will be warmer. The president is still making cuts. I expect every day to read or hear on TV that some female is on the run for president in 1984. They are crowding the men out of every place they can and the men like it. I don't. A woman's place is not out climbing telephone poles and such like. The poor poor woman!

O yes the Go-Shoes have been off the hook and warmed up this past week. Friday they went to Town for dinner. Saturday went to Andover to Marion Easter's for a pot luck dinner and Grange meeting. Five Granges were represented: East Wilton, Franklin, Rumford, West Paris and Bear River. Bear River had to use 1981 pass word and I wonder if it will be that way all year? Some one don't give a hoot. Yesterday, Sunday the Go-Shoes were at Peggy Blake's trailer when we had another good dinner. So you see Evelyn everything is all O.K. and I hope it's the same with you.

Laura Hutchins was a dinner guest of her mother Eva and brother Joe on Wednesday.

How we miss our Maude and Elsie. I hope warmer weather will bring them out again and they will find the latch string out.

As of February first we have 4-5 or more inches of new snow which I don't think we needed but the skiers won't agree. The overseas ski parties were expected home yesterday but I don't know if they came or if they were held up somewhere by the storm.

The latest news from Tom Yates is that he is doing fine and hopes to go back to work the middle of the month. At the time of writing he was in the process of tying down his trailer as the wind blows out there.

It doesn't look like a very good day so if I can stir up the letter writing mood I had best answer some letters to pass away the time.

Be careful—keep happy and if you see any flu bugs or bugs of any kind coming your way—run like the devil and leave 'em all behind. They cause misery.

CARD OF THANKS

I would like to thank all those who have had me in their thoughts and prayers. I am especially thankful to Mary Myers and the other B.E.A.R.S. for their help the day of my fall. God bless you all.

Eveline B. Vatcher, Corres.

I got up with the birds this morning, to watch all the laborers on their way to work, slipping and sliding around. I am glad that I'm retired on days like this. Hope everyone was careful and arrived at their destination o.k., as accidents can be costly and painful.

Did anyone see or feel a January thaw? If we had one, I missed it.

Joe Vatcher and Stanley Estes went to Dresden smelt fishing Tuesday and had very good luck, and they didn't stop to pick any roses when they walked off the river and the wind blew a gale. They got home in time to hear the tail end of Reagan's speech.

Friday evening Robert Anderson, Jr., Robert Lambert Jr., and Donald LeBlanc of Massachusetts came to his uncle Joe Vatcher's and spent the night and then they all went smelting at 3 a. m. Saturday. They had good luck and were home at 11 a. m. already for baked beans and hot bread. I sliced three loaves and then I wondered where it had all disappeared to. They finished with home made vanilla ice cream with raspberries for topping. They were happy.

John Estes, who is spending the winter at Evelyn Appleby's is a patient at Stephens Memorial hospital. Hope he is gaining.

Callers at Lawrence's: Mr. and Mrs. Norman Abbott, Mr. and Mrs. Herman Card, Clyde Knights, Lloyd Huntley, Mr. and Mrs. Maynard Emery, Eveline and Joe Vatcher. Clyde thawed out the fuel pipeline from the oil barrel to the living room burner. Somehow the water got into it and froze.

Mr. and Mrs. Joe Reidy of Tynesboro, Mass., came to their trailer on Wednesday and returned home on Sunday. The roof needed some attention as it hadn't been shoveled off this winter. They called on the Joe Vatchers on Friday and filled their water jugs.

Mr. and Mrs. Joe Vatcher entertained Mr. and Mrs. Harold Vatcher for dinner Jan. 31, in honor of their 40th wedding anniversary. I had sold every egg, so I made monkey bread and threw in a few nuts, raisins and put a few cherries on top. (saved decorating), also made Rhoda's favorite pie, raisin cream. All of their four children live in Massachusetts.

Miss Amy Hanscom, Corres.

The Newry Mothers Club will meet Monday, Feb. 8, at 7 p. m. at the home of Mrs. Eleanor Davis.

Rita Carlisle, Earl, Grace and Wayne Lane, Bill, Sylvia and Daniel Wight, were among those who visited Roger Hanscom while he was hospitalized; he was discharged Jan. 31 after being a patient at Rumford Community Hospital for three weeks. He received a lot of cards and well wishes.

Mr. and Mrs. Samuel Ridlon of Bridgton visited Mary Tripp Saturday.

Mr. and Mrs. David Wight and Ryan spent an evening with his parents, Mr. and Mrs. Willard Wight, recently.

Emily Morton was guest at a party recently in honor of her first birthday at the home of her parents.

and were afraid to come after listening to the Storm Watch. They will come later when the grandchildren have a week of vacation and can stay longer.

Groundhog Day will be here tomorrow, but that doesn't mean anything, for we all know that we will have six more weeks of winter. It is much cheaper now to make ice cream as Joe gathers up the long icicles and chops them up and saves making ice cubes, and the ice cream is better that way.

Mr. and Mrs. Norman Abbott, Rumford, called on Vatchers, also Mrs. Kevin Roberts, Doris and Root Lawrence.

Harlan Abbott and Dick Bean went to Dick's camp at Moosehead for the week end, fishing.
